Dear Kathie, 26 Jun 86

I trust this finds you at home, not in jail! Hope all went well. I am sending two news clippings of your topless event as reported in our newspaper. I don't know if they are of interest to you, but perhaps they will show you how news is boiled down by the time Colorado gets it. The more news coverage the better. Best of Luck.

I sent a copy of my report to G/L Naturists SIG. No response. I had a card from the Archives which I copied and am sending along to you.

The 21st I attended Lambda Community Center's open house. The Pikes Peak Gay C.C. moved earlier this month and renamed the center. Only stayed a couple hours visiting with members I knew and also meet many new (to me) members. The single huge room appears welcomed by all, and one corner was glassed in for the Help Line worker to take calls.

The 23rd I started Summer classes so doesn't seem to be much spare time. My extra, outside reading has rapidly declined. I have "High Hearts" but only a quarter of the way through, a hard back and not so easy to carry around.

Well I can't think of much else, mostly wanted you to have the news clippings.

Wishing you a successful, topless equality Summer.

Naturally,
Bill
